

**ISTROUMA AREA COUNCIL – BOY SCOUTS OF AMERICA**

Date: \_\_\_\_\_

TO: Scoutmaster of Scout: \_\_\_\_\_

According to the application received by the scout office, you have recommended the above named scout for the rank of Eagle. The Eagle Board of Review considers the Scoutmaster to be the key person in the development and preparation of every boy, but most particularly those approaching the rank of Eagle. Therefore, a more complete evaluation of the candidate than is provided for on the Eagle application is desirable.

The Board of Review has sufficient opportunity to review Scout craft skills, however, in areas of Scout Spirit and in particular Scout participation, it must rely upon those associated with the candidate over a longer period of time.

Therefore, we are requesting that you, together with the candidate's other references, complete an evaluation report. On the reverse side of this page is a tabulation which will serve as a guide to the various points on which the board desires information. Your comments on other points are earnestly solicited in the space provided. Would you please return the form directly to the Council in the self-addressed envelope enclosed. Your remarks will be held confidential and seen only by the Board of Review.
